

This information given/displayed by Salvus Solutions (in any medium or form) is for informational purposes only and is subject to change at any point without further notice. We cannot guarantee the accuracy, veracity and authenticity of the statements, concepts or conclusions made in the information given/displayed; even though sources were considered as "trust worthy" it is not of any guarantee.

We shall have no liability for whatsoever on all claims (whether express or implied), including but not limited to:

- that the contents of what is or will be displayed are accurate and/or free from any errors
- contents given/displayed do not infringe any third party rights
- losses or damages (whether direct, indirect or in any relation projects by Salvus Solutions)

As of the date of publications the SVS coin and PXA token have no known or intended use (even if expressed or implied by any form) other than the teams intentions.

No statements or promises are made regarding the future performance (whether positive or negative) or value with SVS coin and PXA token, no promise or guarantee that this will hold any future value or ROI along with the complete, partial or insufficient execution of respective responsibilities attained because of the development of the coin and token.

Salvus Solutions holds no rights and confer no interest in the equity of Salvus Solutions. Any proceeds that Salvus Solutions and the team receive may be freely spent by the team and will not be held liable if funds are spent in any way.

This document does not constitute a prospectus and is neither an offer to sell, buy nor the solicitation to acquire or interact (in any way or medium) with this as a financial instrument in any jurisdiction. SVS coins and PXA tokens acquired are not and should not

be viewed as speculative investments or any financial instrument with the expectancy of any return on investment.

Participation (in any way, shape or form) with this project may carry risk that could lead to a loss of all or a substantial portion of your contribution.

In the case Salvus Solutions along with its projects are impacted by regulatory action, Salvus Solutions and team members are not held liable for any consequences.

Statements made in any medium by Salvus Solutions and/or the team members are not to be considered as forecast, projection or prediction of future results of operations.

In the case any dispute arises from any sort of interaction or participation with Salvus Solutions or on any of the Salvus Solutions projects, any member(s) of the team, whether specified or not, will resolve and settle the dispute. A team member is, for example, the individual who is owner of the telegram group

If interacting with a project of this type and the usage (of any kind) of SVS and PXA tokens is considered as a security, this is not intended for you, you should consult before interacting (in any way, shape or form) with Salvus Solutions or any of its projects.

Donations/funds received (through any medium or any form), will be spent freely by the team and Salvus or its members won't be held liable for any misspending of this funds/donations.

Any entity wanting to interact (in any way, shape or form) with Salvus Solutions must read this Legal & Disclaimer. Unless participants fully and thoroughly understand the risks imposed along with the disclaimer presented and accept the nature of proposed business associated with this project, they should not participate nor interact with Salvus Solutions and its projects.
